Seahorse 38 Guns 284 Men VI July MDCCCVIII Badere Zaffer Captured 500 Men A Frigate of the Largest Class". Together with the Sultan's Gold Medal for Egypt 1801, $1\frac{7}{8}$ inches, diameter. These are mounted on a display board with Captain Stewart's personal compass and a Moghul green jade dagger handle which is carved in the form of a seahorse. *Extremely fine.* 2

For this action Captain Stewart also received an Honorary Plate, which was granted by the Patriotic Fund of Lloyds.

JOHN STEWART: *Ranks*: *Lieutenant, Royal Navy,* 6 *November* 1795; *Commander,* 25 *December* 1800; *Captain,* 6 *August* 1801.

Service: 1795 *Arab* (2); 1796 *Revolutionaire;* 1797 *Queen Charlotte* (4), *Formidable, Tonnant;* 1799 *Foudroyant* (5), *Barfleur;* 1800 *Queen Charlotte, Mondovi Sloop;* 1801 *Africaine, Haarslem Troopship, Enlope;* 1806 *Seahorse.*

The "Times" account of the "Seahorse" action is set out below:

"Times", 13 *September* 1808, *page* 3, *column B; "Ship News", Plymouth,* 10 *September.*

On the 26*th July, the "Seahorse" frigate, of* 38 *guns, under the command of Captain Stewart, arrived at Malta in company with a Turkish frigate of* 50 *guns and* 700 *men, which she captured some days before in the Adriatic, after a desperate action of four hours, in which the Turks had about* 300 *men killed and* 200 *wounded. The "Seahorse" is stated to have had* 6 *killed and* 7 *wounded. The enemy is represented as being a mere wreck, not having a mast standing, and scarcely a sound timber in her. This ship was one of three large frigates sent out for the express purpose of capturing the "Seahorse", the first of which that came into action—was sunk, with all her crew, by the first broadside, the other frigate, after witnessing the fate of her companions, ran away.*

(*Another account, same date*)

Came in this morning, in four weeks from Malta, the Queen Charlotte letter of marque. She brings an account of the "Seahorse" of 38 *guns, Capt. Stewart, having fallen in with three Turkish frigates, one of* 50 *and two of* 44 *guns, which she gallantly brought to action. One of the* 44*'s she sunk after two broadsides, the* 50 *gun ship and* 700 *men she captured and carried into Malta, and the other ship, seeing the crippled state of the "Seahorse", gallantly ran away. The "Seahorse" was much cut up in her masts and rigging, but did not lose many men—six killed and five wounded. She arrived with her prize at Malta on the* 7*th of August. The action lasted three hours and a half, the Turks had* 200 *killed and* 300 *wounded. This gallant affair happened off the Dardanelles. When the Lieutenant of the "Seahorse" boarded the Turkish man-of-war, which had struck, they found the Turkish officers cutting up with their sabres the poor unfortunate seamen for not making a longer resistance.*

SALE CATALOGUES

On the average we issue twelve or more Coin Catalogues and three Naval & Military Medal Catalogues each year, some of which are usually of Sales of important Collections.

CATALOGUE SUBSCRIPTIONS

Sale Catalogues, frequently illustrated, are normally posted to Subscribers about three weeks prior to the date of Sale.

Lists of "Prices Realised" are issued after each Sale, thus giving at a glance a reliable guide to value. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading. The Lists of "Prices Realised" will probably be enclosed in a following Sale Catalogue.

AIR MAIL POSTAGE

To allow subscribers resident outside Europe time to submit Postal Bids, Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and the cost must be borne by the Subscriber. In such cases a deposit against the cost is required.

ANNUAL SUBSCRIPTION RATES
